

Trueline Valve is pleased to announce the release of our new website. Our new site has been redesigned with a fresh innovative appearance in mind and it has an abundance of features to assist our customers with product related technical information as well as product selection in a user-friendly format.

With improvements throughout, the new website has a greater emphasis on our range of products and services.

From a marketing perspective the new site enables Trueline Valve to lead the way we communicate with our customers, through regular updates, news section and pioneering technology that we are implementing including Facebook and Twitter.

Please feel free to check out our new website @ www.trueline.ca

Truthfully,

Trueline Valve Management
